JohnnyBoards Digital Display Cooperative Advertising Opportunity

Build brand awareness about your products and services by adding your location to the JohnnyBoards digital display network. Placed in your establishments lobby or open areas where customers dwell, these display units add extra opportunities to remind your customers about all of your services.

Program Benefits to JohnnyBoards Hosting Partner

- **Receive free advertising:** Get 2-minutes of a 4-minute loop to talk about your products and services or remind customers of special offers.
- **Host has final approval to accept or decline advertising.**
- **Receive discount advertising in the JohnnyBoards print and digital display network*.** Pay our non-profit rate on either print ads \$10.00 per ad spot per (5x8) month or \$45 per week on our digital displays per location.
- **JohnnyBoards will list your establishment's ad on JohnnyBoards.com** Every opportunity to get your branding seen is critically important in these changing times. All of our social media sites will post your ads as part of our added value. Includes your own mobile friendly webpage on our mobile and desktop site.
- **Fill out the hosting agreement online at www.JohnnyBoards.com/hosting**

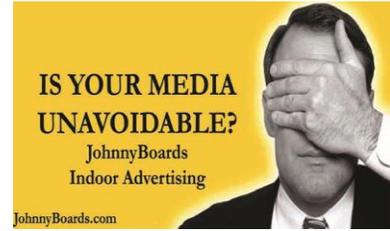

**certain restrictions may apply*

About JohnnyBoards

The JohnnyBoards provides advertisers with a unique way to specifically target gender, lifestyle and age demographics in an extremely affordable, yet high-impact medium that offers many advantages over other media. JohnnyBoards has over 10,000 indoor advertising spots statewide at health clubs, restaurants, pubs, malls, golf courses, city, county locations and cultural centers such as Expo New Mexico, Santa Ana Star Center and the National Hispanic Cultural Center. Through these strategic alliances, JohnnyBoards is unmatched in reaching active lifestyle consumers.

JohnnyBoards is a New Mexico LLC which is entirely locally owned and operated and is a member of the Indoor Billboard Association of America (IBAA).

Call us today at 505-254-1147 to get started.

JohnnyBoards Indoor Advertising and Signage Capability Statement

JohnnyBoards, LLC is a small minority owned **DBE (Disadvantage Business Enterprise) certified by Department of Transportation** located in a certified HUBZone in Albuquerque.

JohnnyBoards is a preferred media when trying to reach a targeted demographic by gender, age or ethnicity. Our media has provided affordable high-quality advertising and signage for local, state, or federal (PSA) public service announcements, event marketing, safety awareness, workplace awareness for over 16 years. Our media has an uninterrupted dwell time of 2.5 minutes on average. Other print media typically has a dwell of less than 10 seconds.

Services

- **Placed based indoor advertising:** Placed based print and digital display advertising in locker rooms, restroom, elevators, above water fountains, airport shuttles and open areas to capture your target market with their undivided attention. Full-poster and half-Posters decals on demand, gas pump tops also available.
- **Workplace signage to enhance HR awareness issues:** HR, health, safety, security, employee incentives and many other “In-house” awareness issues to improve workplace quality and productivity.
- **Text messaging / QR code solutions to enhance campaigns:** Complement any print/ digital media with text messaging or QR codes. Send opt-in reminders, Surveys, web URL links, contacts, classes or PSA info. : (Text **Johnny** to 505.903.1234 for more information)
- **Geofencing:** Campaigns can be placed on the top social networks as well as 94% of major websites and apps (over 100,000 apps). This includes news websites, news apps, popular magazine websites, blogs, smartphone games and more. On average users visit the Facebook app or the site 13.8 times during the day, for two minutes and 22 seconds each time. Instagram works well as a platform to target younger audiences since 64% of 20 to 30-year-olds use Instagram. 38% of users check Instagram feeds multiple times per day.

Executive Summary of Additional Initiatives

- **Non-Profit Collaboration:** JohnnyBoards collaboration with local nonprofits or County departments charged with prevention and treatment allows for rapid growth in smaller markets by providing our indoor media model as a revenue stream. This creates an economic boost to the local economy as most of the proceeds stay in the local county. We are currently piloting this with Rio Arriba County.
- **NMDOH Geofencing in tribal communities in response to COVID-19:** By digitally geofencing the 29 top zip codes in tribal communities, we placed advertisements containing images and videos on mobile devices, tablets, and website within those zip codes. The COVID-19 awareness campaigns used the top social networks, Facebook and Instagram and 94% of major websites and apps (over 100,000 apps).
- **CABQ partnership:** CABQ Better Health Wellness Department installed JohnnyBoards to address employee smoking concern and other behavioral health issues. Tobacco use is estimated to cost the city \$5000 per year per employee on lost production and medical expense. JohnnyBoards is contracted to maintain the network.
- **Highlands University Campus:** We placed JohnnyBoards in and around the campus to raise rape and consent awareness for students in an effort to improve campus behavior safety and retention of female students.
- **Opioid Middle School Pilot:** In collaboration with Bernalillo County's Office of Health and Social Services and UNM School Based Health Center Program, JohnnyBoards is working with Van Buren middle schools and Highland high school to review all media that middle school students consume, help create an in school suspension program that require drug, alcohol and behavior health training and survey's to better serve this underserved population in regards to smart decision making. 100% of the profit from PSA advertising is donated to and UNM School Based Health Center Program and/ or DECA program.
- **Santa Fe County:** Task JohnnyBoards to add Spanish speaking locations to our network for DWI awareness. Find locations that serve alcohol and place digital displays that remind drivers to find a safe alternate ride home.
- **Additional High Risk JohnnyBoards locations:** JohnnyBoards continues to add more establishments that serve alcohol and locations in high risk and underserved population areas to target those who need PSA's messages the most. Research proves that prevention dollars go much further than the cost of ongoing treatment.
- **US Attorney Office and NM National Guard:** We are lending our designs expertise to design the logo for YADA (Youth Against Drug Abuse). A youth driven coalition for drug abuse awareness. Assist NM Attorney General and non-profit LifeLink with human trafficking awareness.
- **Sandia National Laboratory:** Assist Laboratory with regulatory compliance by placing JohnnyBoards in areas to improve waste removal compliance.
